1 · COMPANY & INVESTMENT FRAMING

In One Line

[One sentence describing what the company does, how it makes money, and why the thesis is interesting. E.g.: fast-growing, capital-light training platform serving professional services firms with 45–50% EBITDA margin potential.]

Business Overview

[Founded: XX/XXXX | HQ: City, State | FTEs: ~XX + [X]-person extended team]
[Revenue model: subscription / cohort / project-based / retainer / usage | Recurring mix: ~XX%]
[Core IP / differentiation: [1–2 sentences on what's proprietary or defensible]]
[Customer segments: [verticals served, size segments (enterprise/mid/SMB)]]
[Sales motion: founder-led / enterprise / channel / inbound | GTM maturity: [early / scaling / mature]]

Investment Thesis & Fit

- [Thesis point 1: e.g., strong product-market fit + premium pricing in defensible niche]
- [Thesis point 2: e.g., aligns with Rallyday's people-first, behavior-change model]
- [Value creation lever 1: e.g., institutionalize GTM, deepen management bench]
- [Value creation lever 2: e.g., new verticals, broader product suite, international]

Key Watchouts / Areas to Prove

- [Watchout 1: e.g., Forecast achievability — continued new-logo wins needed to hit plan]
- [Watchout 2: e.g., Revenue quality / 3-year cliff — validate renewal after initial rollout]
- [Watchout 3: e.g., IP & competitive defensibility — must stay differentiated vs. incumbents]
- [Watchout 4: e.g., Founder / key-person dependence — assess reliance on senior thought leaders]
- [Watchout 5: e.g., Limited buyer universe at exit]

Revenue Model Classification

[Tag: Pure Recurring / Repeat-Services Retainer / Project-Based / Transactional / Usage-Based / Hybrid]
[Recurring or contracted % of forward 12-mo plan: ~XX%]
[Revenue model quality flag:  Green /  Yellow /  Red — [one-line rationale]]

Recent Model Changes (trailing 24 mo.)

- [E.g., Price increase of ~10% implemented Q3 2025]
- [E.g., Non-law verticals now ~45% of revenue, up from ~20% two years ago]
- [E.g., UK/Europe entering mix for the first time]

2 · FINANCIAL PERFORMANCE & REVENUE QUALITY

\$ in millions	2022A	2023A	2024A	2025A	2026P	2027P	CAGR '23–'27
Total Revenue	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	XX%
% Growth	—	XX%	XX%	XX%	XX%	XX%	—
Gross Profit	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	XX%
Gross Margin %	XX%	XX%	XX%	XX%	XX%	XX%	—
Adj. EBITDA	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	\$X.X	XX%
Adj. EBITDA %	XX%	XX%	XX%	XX%	XX%	XX%	—

Revenue Quality & Customer Base

- [Scale & breadth: \$[X]M LTM revenue across [XX] paying customers | avg \$[XXX]k / client]
- [Concentration: top 10 = [XX]% | top 5 = [XX]% | largest = ~[XX]% of LTM revenue]
- [End-market mix: [Vertical A] ~XX% | [Vertical B] ~XX% | [Vertical C] ~XX%]
- [NRR: CIM states ~[XXX]% LTM NRR — [flag if spike is timing vs. true expansion]]
- [Revenue model flag: [Green/Yellow/Red] — [one-line context]]

Quality of Earnings Notes

- [Addback total as % of reported EBITDA: ~[XX]% — [flag if >20%]]
- [Tier 1 (strong, one-time): [list key items, e.g., legal settlement, IT migration]]
- [Tier 2 (defensible, owner costs): [list key items, e.g., above-market founder comp]]
- [Tier 3/4 (stretch / reach): [list key items, flag for QofE provider]]
- [Revenue recognition notes: [any DSO trend, period-end spikes, bill-and-hold risk]]

3 · CUSTOMER SNAPSHOT & KPI DASHBOARD

KPI / METRIC	STATED VALUE	THRESHOLD / BENCHMARK	FLAG
NRR (Net Revenue Retention)	[Stated: ~XXX%]	N/A	
GRR (Gross Revenue Retention)	[Stated: ~XX%]	N/A	
Top Customer Concentration	[~XX% of revenue]	N/A	
Average Account Size / ACV	[\$XXXk average]	N/A	
Logo Churn (Annual)	[Stated: ~X%]	N/A	
Organic Revenue Growth (LTM)	[~XX%]	N/A	
Gross Margin %	[~XX%]	N/A	
Adj. EBITDA Margin	[~XX%]	N/A	
Utilization / Bill Rate (if applicable)	[~XX% / \$XXX/hr]	N/A	
Backlog / Pipeline Coverage (months)	[~X.X months]	N/A	
Revenue per FTE	[\$XXXXk]	N/A	
Employee Turnover / Attrition	[~XX%]	N/A	

Flag key: ● Green = at/above threshold · ● Yellow = watch · ● Red = below threshold · N/A = not available / not applicable

4 · TOP RISKS & MITIGANTS

RISK / FLAG	SEV.	EVIDENCE / SOURCE	MITIGANT / QUESTION
[Risk 1: e.g., Revenue durability / 3-year cliff after initial multi-year rollout]	CRIT	[Source: CIM p.X / Customer Workbook]	[Mitigant / Question: Validate renewal and re-engagement data by cohort; request NRR schedule by vintage]
[Risk 2: e.g., Top customer concentration — largest = ~XX% of revenue]	MATE	[Source: CIM p.X / Customer Schedule]	[Mitigant: Review customer contract for CoC and termination provisions; confirm multi-year terms]
[Risk 3: e.g., Forecast achievability — plan requires continued new-logo wins + cohort expansion in sync]	MATE	[Source: Financial Model — May 2026]	[Question: Provide pipeline-to-revenue bridge by customer, cohort, and delivery month]
[Risk 4: e.g., IP & competitive defensibility — Activator framework must stay differentiated vs. incumbents]	TRAC	[Source: CIM p.X]	[Question: How is the Activator methodology proprietary? What are barriers to replication?]
[Risk 5: e.g., Founder / key-person dependence — content credibility and delivery tied to founders]	TRAC	[Source: Management Presentation]	[Mitigant: Assess faculty bench depth; evaluate management team strength independent of founders]

5 · PRIORITY DILIGENCE QUESTIONS

Financial & Revenue Quality

- [Q1: Provide bookings-to-revenue bridge by cohort, customer, product, and delivery month]

Operations & GTM

- [Q8: Faculty utilization and QA — how is quality controlled across 30-person bench?]

- [Q2: Reconcile reported vs. restated vs. adjusted EBITDA — test addback recurrence and owner costs]
- [Q3: Monthly P&L for trailing 24 months to assess seasonality and budget vs. actual]
- [Q4: AR aging schedule and collections history — flag any write-offs]

Customer & Retention

- [Q5: Cohort performance and NRR by segment, vintage, and contract terms]
- [Q6: Follow-on purchase behavior after first program — what % re-engage within 12 months?]
- [Q7: Top 10 customer detail: revenue history, contract type, renewal status, margin]

- [Q9: Founder-led vs. sales-led pipeline conversion — what % of new logos are founder-sourced?]
- [Q10: Non-law penetration plan — what is the go-to-market playbook for Finance, Consulting, Search?]

Legal & Structural

- [Q11: Change-of-control consent / termination provisions in top 3 customer contracts]
- [Q12: IP ownership — confirm all content, curriculum, and research is company-owned]
- [Q13: Any open litigation, threatened claims, or regulatory matters]

Data Room Gaps (Information Request)

- [Gap 1: Monthly management accounts (last 24 months)]
- [Gap 2: Customer revenue workbook with cohort vintage]
- [Gap 3: Contracts for customers >[\$X]k revenue]
- [Gap 4: Cap table / equity structure]
